TASK 3 - GENERAL REVISION STRATEGIES

Revision is a personal, individual process. Students learn in different ways. You need to get to know what your own personal strengths and weaknesses are.

You will need to:

1. Work out which strategies work for you.
2. Try different ways of working to see which suits you the best.

If you are still unsure of how to revise at the end of these sessions your tutor can get you a copy of a Revision Techniques Booklet.
