Rights Respecting Schools

The term 'Rights Respecting School' is given to **schools that put the work of UNICEF at the heart of their educational policies and practices.**

- All children have rights, and along with those rights come responsibilities.

The adults and children in our school model these rights and respect them in all relationships.

What is UNICEF and the UNCRC?

Established in 1949 to help governments improve the health and education of children.

Today that has expanded into even more rights under the UN Convention on the Rights of a Child

Right of the Week

To help further our rights within the school, we will focus on a certain right every week.

The next right you have chosen to focus on is Article 28- The Right to an Education.

Everyone in our school has the right to be free from discrimination. This means that it's your right to have access to a primary and secondary education which should encourage your personal and intellectual growth.

Your Involvement

We would love to get everyone in the school involved in not only promoting these rights but also choosing the ones we focus on.

Please complete the survey, using the QR code on the next slide.

There are other ways of getting involved too, like joining the RRS Student Council.

If you would like to join please contact Mr Oakes in T07.
